

Gallagher, Hillon And Redmon Y-12 Veterans Retire Friday

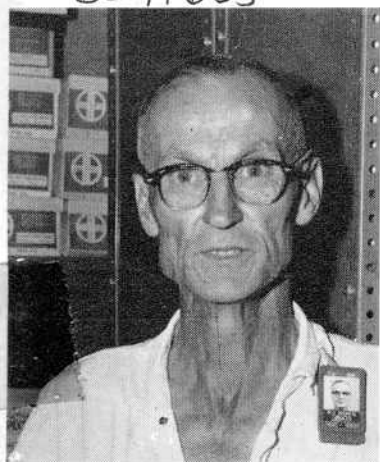

Three retirements are added this week to Y-12's honored list of veterans. These men become the 21st retirees for 1963, and 133 since Carbide began operations here in 1947. Retiring are Frank W. Gallagher, Process Maintenance; Charlie W. Hillon, Research Services; and Murrell R. Redmon, Stores Department.

Frank W. Gallagher

Charlie W. Hillon

Murrell R. Redmon

Frank W. Gallagher, Research Services in the Maintenance Division, came to Y-12 August 27, 1947 . . . or 16 years ago almost even. He had formerly worked in Y-12 with Tennessee Eastman and worked in Hannibal, Monroe City and Weldon Springs, Missouri. He is a native of Jefferson City, Missouri.

Married to the former Deltrice Moody, he has one son, William F. Gallagher, who lives between Oak Ridge and Clinton. They have one grand-son. The Gallaghers live at 107 Jonathan Lane, Oak Ridge.

Retirement plans for Gallagher certainly keep Oak Ridge as a likely prospective retirement place to live. The 16-year veteran says he just plans to loaf around home, spending as much time as he can in the rocking chair. He likes to fish and hopes to devote much time to that hobby, also.

Hillon Clinton Native

Almost 13 years service marks Charlie W. Hillon's retirement date this week. A native of Clinton, he lives at Route 1, near Clinton on his 46-acre farm. The retiring Hillon was a 19-year veteran at Magnet Mills until 1944. He also worked for the Maxon Construction Company, here in Oak Ridge, before coming to Y-12 September 26, 1950.

Has Six Children

He is married to the former Edith Perkins Wood, and they have four daughters and two sons: Margaret Cook, Charcie Human, Hazel Eblen, all of Route 1, Clinton; Ila Wallace, Lenoir City; Howard, Dayton, Ohio; and Elmo, Route 1, Clinton. Six step-daughters live up family reunions for Hillon also: Mildred Watson, Claxton community; Mary Uland, Lubbock, Texas; Bertha Wallace, Oak Ridge; Betty Settle, Fountain City; Alma Hill, Route 1, Clinton; and Jean Weaver, Halls Cross Roads community.

The retiring Y-12er plans to do a little farming at his place above Clinton, and a lot of "piddling."

Redmon Wartburg Native

The third retiree for August is Murrell R. Redmon, Stores Department. Murrell is a native of Wartburg. He had worked with the Coal Mining Company, Catoosa, Tennessee, the Emory River Lumber Company, and Stone and Webster before coming to Y-12 October 11, 1944. His nearly 19 years in Y-12 have all been in the Stores Department.

Married to the former Margaret Bardill, the retiree has three sons, Ralph, Russell and Allen . . . and one daughter . . . Mrs. Ruth Bullens.

Has 10 Acre Farm

His retirement plans include gardening on his 10-acre place in Wartburg, loafing and fishing. All three retiring Y-12ers have the necessary 10 years company service and more to qualify for benefits under the Union Carbide Pension Plan. Gallagher and Redmon are also enrolled in the voluntary Retirement Plan.

All three retirees take with them the very best wishes from fellow Y-12ers for a long and happy life.

THE 1963-64 OFFICERS of the American Society of Mechanical Engineers (Oak Ridge Subsection) who are in Y-12 are seen above. Sitting from left are R. E. Schappel, ORNL's Reactor Division, and Ernest E. Choat, Y-12's General Mechanical Engineering. Schappel is secretary-treasurer, Choat is chairman. Standing are M. I. Lundin, C. H. Gabbard and Buford Garrett, all of ORNL's Reactor Division. Lundin is Joint Council Representative, Gabbard is on the University Affairs Committee, and Garrett is publicity chairman. J. E. Mann and W. R. Gall are officers also, but were not present when the above picture was made.

Technical, Professional Societies Aid Employees In Sharing Information And Mutual Problems

Many Y-12ers are active in technical and professional societies relative to their line of work. Typical of these societies is the American Society of Mechanical Engineers whose officers are shown above. The ASME is a nation-wide organization founded for the purpose of disseminating information among all its members and for the improvement of methods of application of the basic sciences.

The Bulletin welcomes news of meetings, officers, special events, etc. of each of these organizations. (The newspaper itself is a member of the Appalachian Industrial Editors' Association, affiliated with the American Association of Industrial Editors.)

The American Society for Metals, which also has a local chapter, begins its 51st year this year. Organized in 1913 with a modest 12 members, the ASM now embraces 117 chapters and membership of more than 34,000.

ASME Begins New Season Next Tuesday With Grinding Expert

The Oak Ridge Subsection of the American Society for Mechanical Engineers will meet next Tuesday, September 3, at the Oak Ridge Country Club. Dinner is slated for 7 p.m., with the technical session set for 8.

Featured speaker will be George Hawkins, Brown and Sharpe Manufacturing Company. He will speak on "Grinding to Millions," and will cover changing requirements of cylindrical grinding, machining tool requirements for grinding to millions, the importance of piece geometry, machine tool requirements for grinding to 10 millions, the preparation of blanks prior to finish grinding, and the contribution of the operator. Hawkins, a native Rhode Islander, is a journeyman machinist, with advanced studies at Brown University and the Rhode Island School of Design.

Dinner reservations may be made by contacting Joe Hall, extension 7-8451. They must be made by Friday, August 30.

Instrument Society Meets September 4

The Oak Ridge Section of the Instrument Society of America will hold its regular meeting Wednesday, September 4. The meeting will be held at the Green Room of the Ridge Recreation Hall, beginning at 8 p.m.

The speaker will be Robert E. McKee, sales manager of numerically controlled lathes for the R. K. LeBlond Machine Tool Company, Cincinnati, Ohio. His subject will be "Numerically Controlled Lathe Operations." He will discuss the design, operation and equipment required for automatic lathe operations.

Prior to his present position, McKee had fourteen years of engineering teaching and research experience at the University of Michigan. In addition to teaching, he did research and consulting work for various companies and government agencies. He has published numerous papers on various subjects in machinability.

Members and guests are cordially invited to the ISA meeting.

Glendon McNeil Dies August 19

The plant was saddened last week by the death of N. Glendon McNeil, Stores Department. He came to Y-12 November 19, 1951 in the Guard Department and transferred to Stores in June of 1953. He died Monday, August 19.

G. McNeil

A native of King, Kentucky, Mr. McNeil was a veteran of the United States Army, serving during World War II. He was a member of First Methodist Church, Oak Ridge.

Mr. McNeil is survived by his wife, Mrs. Rebecca McNeil, 103 Pacific Road, Oak Ridge; a daughter, Nancy Glenna and a son Glendon Jr., both at home. He is survived also by his mother Mrs. Gertie McNeil, Barbourville, Kentucky; five sisters and three brothers.

Funeral services were conducted Wednesday, August 21, at 10 a.m. at the Martin Funeral Home, the Reverend William J. Elzey officiating. Burial followed with committal rites in Barbourville at 3 p.m. Wednesday.

Sympathy is extended the family by Y-12 friends and co-workers.

Monday, September 2, Is Official Holiday

Americans call it Labor Day ... and it's no labor day, at all. It's a recognized holiday ... the first in the nation's history to be recognized by Congress. Set aside as a tribute to the country's mighty muscle of its working men and women, the first Monday of every September has been called Labor Day since an Act of Congress in 1894.

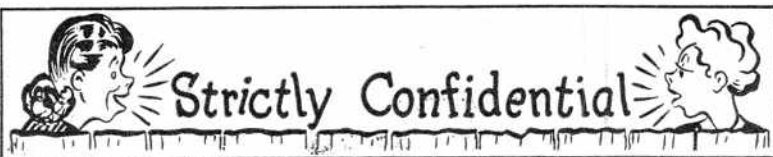

No Y-12 employees will be required to work except those required for the continuous operation and protection of the plant. Labor Day is next Monday, September 2.

Unofficially, Labor Day also closes the summer season, as swimming pools and resort areas in this section close down for winter.

Next week's Bulletin will be delayed by the holiday as it will not be placed in the mails on its usual day. Next week's paper will also have a face-lifting as our new company name will be utilized in all heads and masts.

Duke's Onley Leads ORNL Physics Seminar

D. S. Onley, research participant from Duke University, will conduct this week's Physics Division seminar at Oak Ridge National Laboratory. His subject will be "High Energy Electron Inelastic Scattering from Nuclei." The seminar is scheduled for Friday, 3:15 p.m., August 30, in the East Auditorium of ORNL's 4500 building.

Joe Smyrl, Wage Standards, keeps the kids in his neighborhood amused with "daffy definitions." Examples: What is a booby? A booby is a tiny bug that crawls up a bee's leg and says "Boo, bee!" What is a zookey. That's the key that opens the door to the zoo. Had enough?

There's never an end to news of Y-12ers, however, first beginning in

SHIFT SUPERINTENDENTS AND UTILITIES

Enjoying the various forms of entertainment in the surrounding areas is the D. P. Anderson family. They journeyed to Pineville, Kentucky to see the beautiful play "Book of Job."

J. L. Finchum will spend his coming vacation traveling with his wife and taking it easy visiting relatives. First, they will go to visit his father's farm in Kentucky, then on to see her family in Ohio. Between trips he plans to fish at Tellico, and just plain loaf.

Taking it easy around home on vacation is C. E. Oney.

Get well wishes are sent to little Jay Ward, son of Jackie Ward. Little Jay is sick a-bed, and it's hoped by now he's up and feeling better.

Circuses are having a time making it these days. Congress is giving them too much competition.

FINANCE AND MATERIALS

Microreproduction and Engineering Services has Tom Hillard on vacation in Myrtle Beach ... Georgia Rader ... in and around Morristown ... Don McMurray and family vacationing at Cumberland Falls State Park ... Pat Hartman recently returning from a Jaycee Convention in Memphis ... Helen Ross just staying at home.

Plant Records records Dot Park and Homer vacationing at Daytona Beach, Florida.

Timekeeping tells that L. D. Nicley is vacationing in parts of Texas, a pretty tall order, we'd say.

ACCOUNTING AND BUDGETS

Flying to San Francisco to visit her mother are Gertrude Gentry and her daughter. They will return by way of Great Falls, Montana to visit Gertrude's twin sons who are stationed there with the Air Force.

Noah Ensor is spending his vacation at home in Oak Ridge.

Welcome in to the Systems Studies group to Paul Melton, transferring from the Engineering Division.

MECHANICAL OPERATIONS

The M Wing Shop thinks that J. D. Bryant is in Washington, D. C. to see the sights and to visit relatives ... B. D. Cantrell is just off, at home, this time ... R. G. Shipley has joined the list of those off sick ... Hope you get back soon, Robert George.

It is rumored that Bob Culton is about to lose his freedom ... details later.

The 9206 Shop has C. V. Taylor back to his old stomping grounds in the absence of vacationer H. S. Smith ... C. T. Eldridge is on vacation on his farm near Kingston, taking up hay while the sun shines, sowing permanent pasture for the cows ... and wiping the sweat from his brow.

The E Wing Shop has S. R. Minge on vacation last week ... just where he hid out is a big secret.

Beta Four's Heavy Machine Shop wafts in news that F. Area's Jack Lovegrove still insists there are fish in Norris Lake ... and he intends to prove it during his week's vacation ... Pete Vines is intentionally lost somewhere in North Carolina to visit his

grandchildren during his vacation.

The H-2 Shop announces the stork visited the B. R. Handsard household last week. The old heir-borne bird left a little baby girl. Congratulations.

Relaxing around his home and gun repair shop is J. C. Brewer ... away for two weeks.

W. H. Green and family went to Clearwater, Florida, for two week's sun and fun.

Off to Pennsylvania to visit relatives for a week were J. M. Nageotte and family.

Jack Steward and family are vacationing this week, attending a family reunion over the weekend then spending the remainder of the week in Florida.

Relaxing at home, fishing a little is Bob Williams ... D. B. Arnold is resting in Baptist Hospital this week, but not of his own choosing.

Beta Four's vacationers include C. E. Brown, W. L. Coggins, J. L. Henry, C. Leach, F. D. Lively and R. F. Wyatt. All got away without saying where they were going.

Off since after a few days in the hospital is E. L. Douglas.

John Howard Turner

This cute little fellow belongs to R. H. Turner. He is John Howard Turner, born August 10, Baptist Hospital, Knoxville ... weight: five pounds and nine ounces. He also has little sisters at home, ages seven and nine. His pop works in Assembly in Beta Four.

GOLFERS IN VARYING STAGES of relaxation and score-tallying are seen at C Shift's recent tournament staged at the Rockwood Country Club's nine-hole course.

C Shiftmen Stage Golf Play Recently On Rockwood Greens

The sports-minded C Shift folks staged a golf tournament recently at Rockwood. The August 7th mid-week tournament drew C Shifters from all over the plant.

Scratch winners were L. W. Miller, J. H. Jones and W. B.

Goss. Handicap honors went to H. R. Mullins, H. C. Nichols and D. E. Perkins.

Most pars were taken on the nine-hole course by C. A. Moore, A. R. Smith and Arnold Tiller.

Winners in the three categories took golf balls home as trophies of their prowess on the greens.

... he stayed home and caught up on some rest and relaxation ... A. L. Skaggs vacationed at home and the hospital. His daughter, Judy, had a tonsillectomy and Dad helped take care of her. It's happily noted that Judy's getting alone fine, now ... K. England tried his luck at fishing over in West Tennessee, but didn't tell about his catches. He also did a little swimming and groundhog hunting.

Resting for a week, just getting ready for his camping and fishing expedition to Kentucky Lake is C. J. Moore ... C. F. Jenkins, Pump Shop, is enjoying sun and surf at Daytona Beach ... M. A. Horton went West for a visit with his in-laws in Texas. (And we thought Texas was full of out-laws!)

J. D. Fancher just took it easy for a spell around home ... Get well wishes to N. B. Kiplinger and A. C. Jenkins, confined to Oak Ridge Hospital.

Before you start an argument with your wife, remember hospitals are getting more crowded every day!

CHEMICAL OPERATIONS

Enjoying the Ice Follies recently in K-town were Jeanette and Carl McCown along with Jeanette's mother, Mrs. John Arnold. Mrs. Arnold was week-end guest of the McCowns ... Others attending the gala show on ice were Katie Gulley, daughter-in-law and grandchildren.

Chemical sends get well wishes to Beecher Marrow, who has been hospitalized in Oak Ridge.

Eleanor and Kirby Duke and little granddaughter Jamia enjoyed the past week-end in Blountfield, Alabama ... their ole stomping grounds ... Edna Buchanan was vacationing last week visiting her son in Nashville ... Dean Reed and family were vacationing staying at home entertaining relatives from out-of-town.

Nobody knows exactly why, but three days before the appointment of Senator Herbert S. Walters, Melton L. Rice was seen in Bristol. It couldn't be that he would dabble in politics. This much can be told, however, Melton, his wife and children spent last week-end at Mineral Bluff, Georgia, celebrating the 82nd birthday of his mother, Mrs. Margaret Rice.

Bill Crow has returned from vacation. He and the family enjoyed a week's travel in Nashville, Paducah and Louisville ... While Joe Barkman and family enjoyed their lake cottage on Watts Bar.

A lot of moving around occupied Bob Wilder's vacation ... Gatlinburg, Atlanta, and Asheville ... Also missed in 9212 was the well-liked Katie Blankenship. She and her husband camped out way over in North Carolina at Myrtle Beach.

The E. K. Yates enjoyed a good time in Nashville. Mrs. Yates attended the Hair Dressers' Association meeting there ... George Meredith will use his two weeks on his acreage around home. If he plows 20 acres, sows 300 pounds of grass seed as he planned to do ... he will need

Public Is Fleeced In Consumer Sales

The American public was fleeced of more than five billion dollars last year. More than \$5,000,000,000 of annual consumer sales are made on a fraudulent basis. That is, misrepresentation of quality, quantity, or other essential facts takes place. The appalling figure was given by Attorney-General Walter Modale of Minnesota, who is chairman of the Committee on Consumer and Investor Protection of the National Association of Attorneys General.

All Powers Are Limited In American System

"The genius of the American (political) system is that it limits all power — including the power of the majority. Absolute power, whether in a king, a president, a legislative majority, a popular majority, is alien to the American idea . . ." Walter Lippmann.

If they don't 'need to know', don't tell 'em.

THE BIG SHOP team lines up for a smiling picture . . . although their second-half record doesn't give them much to smile about . . . a seven-loss, three-win tally. In the front row, from left, are F. K. Clabough, Floyd Teno, Manager E. M. (Slick) Miller, Bob Tuck, and Harold Brendle. High in the second row are Larry Moncier, Clyde Wright, Assistant Manager M. L. Crawford, Fred Manning, Bob Jones, Harley Law and Randy Peters. Alonzo Edwards was absent when photograph was taken.

Reds Keep Team Lead In Archery

The Red team maintained a one-point league in the Carbide Archery League last week with a four point handicap score. The Gold team moved up within sight of top notch by taking five points.

C. E. Miller, Red, fired a 291.-655 handicap score to take individual honors. D. E. Schechter, Blue, took scratch individual honors with 237. The Black team won scratch team highs with 437; while the Gold men took handicap team highs with 578.656.

Carl Dorr's 75 Is Low At Gatlinburg

94 Golfers Compete In Final Y-12 Tilt

Carl Door took Y-12's final Golf Tournament of the summer, at the Gatlinburg Country Club, Saturday, August 24. His 75 was low for the tournament (Number 16 was his Waterloo . . . he took eight strokes on this one.)

A total of 94 duffers competed in the preview to the All-Carbide Tournament set for September 21 (see story elsewhere.)

Other First Flight winners were Art Hines, whose scratch score of 78 was second; Jim Beckett, 81; and W. C. Collins, 83. Handicap winners were Frank Kennedy 72; Jim George, 73; W. T. Arrowood, 75 and J. R. Baker, 76. Most pars were taken by Ed Gambill and Tudor Boyd, each with 11. Hottest shooting of the day was L. W. Miller who eagled the difficult number four hole, "The High Road."

SECOND FLIGHT

Scratch winners in the second division were George Dykes, Sr., 83; A. C. Wright and E. N. Rogers, each with 86; and Bob Schilling, 90. Handicap honors went to Jim Vance, 72; Bill Mattingly, 76; John Carter, 78; and H. L. Bolinger, 79. George Mitchell took most pars with nine; Joe Pryson had eight.

THIRD FLIGHT

E. C. Stinnett took scratch honors in the third flight with 89; followed by Hubert Richards, 92; Walter Goodwin, 94; and Bill Gant, 95. Handicap winners were E. M. Massey, 76; W. H. Tedder, 77; Dennis Briscoe, 79; and Dave Phillippi, 80. Hugh Beeson and Carl Redding tied with most pars, each with six.

FOURTH FLIGHT

The fourth flight scratch low went to Bob Hagood, 91; Don Mahaffey, 100; J. E. Hensley, 101 and J. R. Parker and C. M. Cheek, each with 106. Handicap lows belonged to C. W. Cupp and Bill McManus, with 76 each; R. E. Plemons and A. G. Curtis, each with 82. Bob Bedwell's four pars were the most in the flight. Bill Helton came in second with three.

Golfers may now enter four-somes in the All Carbide competition, by filling out the entry blank found elsewhere in the Bulletin.

Levey Moves Up Slightly In Tennis Set

Ralph Levey took three matches from Dick Huber last week in the Y-12 Tennis League to edge up in total standings. He defeated Huber 10-8, 6-0 and 6-3.

Campbell King won two sets from Al Fischer 7-5, 6-4, and lost one 2-6.

League standings follow:

Clinton Rites Held For John H. Guess

Funeral services were held for John H. Guess, Area Five Maintenance, Monday, August 19, at 2 p.m. The Reverend Orville Willis conducted the rites at the Mount Sinai Baptist Church, Clinton. Mr. Guess died at his home in Clinton Friday, August 16.

J. H. Guess

A native of Lake City, he was a veteran of the United States Navy. He had been with Stone and Webster, Roane-Anderson before coming to Y-12 December 10, 1947.

Surviving are three daughters, Kathryn, Karen and Victoria Guess, a stepson LaVerne McSwain, all of Los Angeles, California; four brothers, and four sisters.

Interment followed the Monday services at the church cemetery.

Sincere sympathy is extended to the Guess family.

Earth's Forests Give Man More Than Shade

One-third of the earth's land surface is covered by forests. These woods entertain a million people every year. They build up an entire stock of wildlife, conserve a billion gallons of water, and grow nearly twice the number of trees that are cut down each year.

All-Carbide Golf Tournament Set At Gatlinburg, Sept. 21

The All-Carbide Golf Tournament, set for duffers for the three Nuclear Division plants in Oak Ridge, will be played Saturday, September 21, at Gatlinburg.

Dead-line for entering the All Carbide competition is 12 noon on September 16. The above form is sufficient for a foursome to enter on.

There will be four divisions of players, based on handicaps, as

usual. Each division will have a hole-in-one contest on number eight and 12. Winners will be the three lying nearest the cup. Golf balls will be awarded the top six scratch and handicap scorers in each division.

Fill out the attached entry blank and mail to Recreation now. Additional details of the tournament will be printed in a later edition of the Bulletin.

another vacation soon.

Happy news is that Stanley Justice is well and back to work.

Deepest sympathy to Margaret Baker in the death of her mother Mrs. Mae Carter. Sympathy is also extended to her sister Sue Strasser, also well known in Y-12.

Al White is well again and back on the job.

Last week there was a lone caravan winding its way to the Great Smokies. A hero pitched forth his tent to spend an eventful time off from work, camping and relaxing. The driver of the lone caravan was Joe Bowers. The Bowerses and daughter love the mountains and spend most of their leisure time in the Cades Cove camp. If you're ever in that area, need a nice neighbor to chat with, or someone to borrow from . . . look them up. Check with the Rangers for the location. If there is no Ranger around, check with the bears. In Cades Cove the Bowers are well known . . . even to the Bears. Good and faithful roving reporter (Thelma Bradshaw) from Chemical was a recent visitor at their camp.

INDUSTRIAL RELATIONS

The Fire and Guard Department sends deepest sympathy to L. O. Campbell whose son died recently in a motor scooter mishap.

C. S. Waldrop is camping out on Norris Lake . . . Other F&G vacationers include T. J. Bush, M. T. Barber, R. B. Blankenship, R. L. Johnson, and C. C. Butler.

SPECIAL PROJECTS

Area Five welcomes two new employees . . . Gaye Brooks who hails from Concord . . . and Jane

Blackwell who just moved to Oak Ridge from Marion, Virginia.

Grady Bennett and family are basking in the sun at Clearwater, Florida this week . . . Ken Bowers was looking forward to vacation time this week with plans for a lot of rest.

Jeanne Cothron

Special Projects lost claim to one of the prettiest girls in Y-12 as Jeanne Cothron transferred to Maintenance recently. Jeanne is seen with a gift, a hair-dryer, that her fellow employees gave as a token of their best wishes for her in her new job. One co-worker said, "That girl is just as nice as she looks, too." We agree. Husband Ed agrees, too!

ENGINEERING

Tool Engineering tells that Bill Hood vacationed around in home in Knoxville . . . Lon McNeil and family have taken off for Florida to enjoy some of that famed sun-

Carbide Will Triple High Purity Oxygen Output

Union Carbide Corporation has been awarded a contract that will more than triple the supply of high-purity oxygen to Bethlehem Steel Company's Lackawanna, New York, plant. In a recent announcement by Birny Mason Jr., president of Union Carbide, it was stated that an on-site oxygen plant to be built and operated by the Linde Division will supply an additional 700 tons per day of high-purity oxygen for Bethlehem's expanding steelmaking operations. The new facility is scheduled for completion in 1964.
